Importance: High

Just spoke with Jane about the briefing paper and bios. Thank you, Brianne, for pulling those together so quickly!

Jane asked that the first attachment include an up-front para that explains the Roundtable, so ESP understands the context (ie, this is the first mtg of a new RE roundtable, and Chamber has agreed to expand the conversation for this initial meeting). Jane asks that the food waste bullet on front page be changed, as ESP is not focused on that topic.

Jane also asked that the two 2-page bios be cut down to a para each.

Thank you!

Martin

Subject: RE: September 26

Thanks Brianna. This looks good. Please add any bios for any CEOs that get confirmed up front. Also, I noticed that some of the bios didn't have names next to the titles. Please add where missing and also bold that line for each bio.

If you have thoughts on how to make the background on EPA programs more concise, please feel free to edit.

Hi Hodayah and Martin,

I managed to find most people's titles (there are three missing, highlighted in yellow). Most participants bios were not easily available online and it seemed like a lot to include all 22 in any case so I picked out a few for some key participants. Let me know if you would like me to keep working on bios or if there are other next steps I can help with.

Hi Hodayah and Martin,

Thanks for the updates. RSVP list below. I will send an updated list later this week – understand the need to have this by Friday! We'll make sure another update comes through once we secure a few more confirmations.

I've also copied Carolyn Morris on this message for your reference. She and I will be closely coordinated on logistics, etc. so please feel free to keep me copied as we finalize the security protocols.

Many thanks again for your time today.

Best,
Valerie

Hi Gary and Valerie,

Here are the revised questions. Please feel free to edit as needed. I am looping in Brianna to help with the participants bios for the Administrator's briefing materials. I will be out on Thurs/Fri for Rosh Hashana.

Roundtable Questions to Facilitate Discussion on GHGs:

- 1- We know that resource efficiency actions have many benefits – less use of water and energy, reduced GHGs, saving money. With the private sector in the forefront of taking action, we'd like to hear from you on:
 - a. some of your most successful efforts that resulted in GHG reductions
 - b. the business case for taking action on GHG- have they made you more competitive, reduced operating costs etc?
- 2- What can the US government do in international fora, including the G7 and G20, to help you take action to reduce GHGs and improve resource efficiency?

Time Permitting:

- 3- Looking ahead, how are new business models and data analytics changing the way companies manage natural resources? Is the drive to bring manufacturing back to the US changing the way companies look at their resource efficiency?

Subject: RE: September 26

Hodayah and Martin,

Thanks for your call yesterday. Following up on a few of the items we discussed –

1. We are working on finalizing the list of **internal Chamber attendees**. So far, we have the following confirmed:
 - a. Tom Donohue, CEO – will greet Administrator Pruitt at the door
 - b. Rob Schroder, SVP International Affairs
 - c. Gary Litman, VP Global Initiatives – will introduce Administrator Pruitt and moderate the discussion
2. I will send through the **company info** later this week with confirmed attendees and folks we are still waiting on.
3. **Rooms / entering the building**
 - a. Administrator Pruitt will enter through the 1615 H Street entrance (main entrance).
 - b. Tom Donohue will greet the Administrator and escort him to the Library (when you walk in the building, the library is to the right)
 - c. Administrator Pruitt will enter Rust Briefing Center when Gary introduces him. The Library and Rust are connected. He will be able to move into Rust via a short hallway.
 - d. When Administrator Pruitt leaves, he will exit the main Rust Briefing Center doors which are directly in front of the main exit doors to H street.

4. Parking

- a. His car can remain stopped in front of the building as long as the driver is still there. I've alerted our building security team that there will be a car stopped in front of the building for an hour.
- b. The Chamber itself does not have parking, but there are several lots around if preferred.

5. **Discussion questions** – we will put our heads together on this. As I mentioned, Gary is travelling today, but once I touch base with him we can find a time late this week/early next to all chat by phone.
6. **Updated Agenda** – can you review this and make sure I encapsulated everything you mentioned on the phone? I'll transfer this to a formal agenda following any additional input from your side.

- 3:00 p.m. -3:05 p.m. Tom Donohue, President and CEO, Greets Administrator Pruitt in US Chamber Lobby
- 3:05-3:07 Gary Litman to introduce Administrator Pruitt
- 3:07-3:15 Opening of Meeting by Administrator Pruitt
- 3:15-3:40 Q&A interactive discussion
- 3:40-3:50 Wrap up by Gary Litman (with opportunity for Admin Pruitt to jump in for comment)

I think (I hope!) I got everything we discussed. Let me know if I've missed anything.

Best,
Valerie

Subject: RE: September 26

Gary,

This approach seems reasonable. However we will need to indicate in our briefing materials to the Administrator that the meeting will also include a discussion of voluntary private sector GHG initiatives.

Let me confirm with the Administrator's Office that it is okay to mention the Administrator's participation in the meeting – I will get to back to you on this.

Thanks again,

Jane

Jane,

We could definitely encourage participants to talk about GHG and allocate time for it. However, I am reluctant to put in explicitly on the circulated agenda yet. Once we can confirm the Administrator's participation, we will call all the participants and include the request in the meeting pre-brief to those who are definitely attending.

You are correct that we do not envisage any speeches. The discussion format would suit the purpose much better.

We will of course provide the title of all the participants. Assuming we can let companies know that the Administrator is likely to join us, we would expect a more senior corporate representation. Is that something we can comfortably indicate to the invitees yet?

We are very much looking forward to this opportunity to work together.

Best,

Gary,

Thanks for getting back to me with the initial responses on the Chamber meeting with the Administrator. As I mentioned in our meeting on August 25, the Administrator would like to hear about voluntary private sector initiatives to reduce GHG, could this be incorporated into the agenda? In addition, you indicated that this would be an informal discussion and no speech was expected, is this still correct? If you can identify any names/titles of confirmed VIP's that would be helpful as we will be providing the Administrator's Office a meeting update soon.

I have asked Hodayah Finman and Martin Dieu in my office to help with the meeting logistics and briefing materials, so I am copying them on this email. Please feel free to contact me, Hodayah or Martin as we move closer to this exciting meeting on September 26.

Thanks,

Jane

Subject: RE: Getting together

Dear Jane --

Below are our initial responses. We still have a great deal of flexibility to respond to your needs. Please guide us on how to make this more effective. Our goal is to come out of this meeting with a diverse standing group of companies ready to respond to EPA's queries and to steer our own organization on international resources issues.

- Event Title – Inaugural Global Resource Efficiency Task Force Meeting
- Run of show/agenda – To be confirmed/updated, but general agenda below.
 - 3:00 p.m. Tom Donohue, President and CEO, Greets Administrator Pruitt in US Chamber Lobby
 - 3:05-3:15 Opening Remarks, Administrator Pruitt
 - 3:15-4:00 Q&A, interactive discussion moderated by Gary Litman
 - 4:00 Administrator leaves
 - 4:00-5:30 Corporate Discussion, moderated by Jim Fava, Anthesis Group
 - 5:30-6:00 Reception
 - 6:00-7:00 Working Dinner
- Notable guests (VIP's) attending – We have corporate RSVPs from AECOM, Arcadis, Amazon, Coca Cola, DHL, EcoLab, Exxon, Ford, GE, Nike, Kering, UPS, Stanley Black & Decker, Nuscale Power, Citi. We have several invitations pending, and expect this list to grow to about 20-25 companies. Corporate attendees are from a variety of levels. We would welcome your suggestions.
- Individual Greeting Administrator – Tom Donohue, CEO, US Chamber of Commerce
 - Individual introducing Administrator – Gary Litman, Vice President, Global Initiatives
 - Open/closed press – Closed Press
 - Event location/address – US Chamber of Commerce, 1615 H Street NW, Washington DC; Rust Briefing Center
 - Suggested entrance/exit to venue – main entrance on 1615 H Street to enter and exit
 - Day of event contact – Carolyn Morris, Ex. 6 Personal Privacy (PP)
 - Security contact- Anna Burress, Ex. 6 Personal Privacy (PP)
